

Incident handler's journal

Instructions

As you continue through this course, you may use this template to record your findings after completing an activity or to take notes on what you've learned about a specific tool or concept. You can also use this journal as a way to log the key takeaways about the different cybersecurity tools or concepts you encounter in this course.

Date: May 2, 2026	Entry: 001
Description	A phishing attack event in a health care clinic
Tool(s) used	List any cybersecurity tools that were used.
The 5 W's	Capture the 5 W's of an incident. • Who caused the incident? An unauthorized attacker • What happened? Gain access to the company's network • When did the incident occur? Tuesday morning, around 9 am • Where did the incident happen? A small U.S. health care clinic • Why did the incident happen? The attackers sent multiple phishing emails to different employees. After gaining access to the network, the attacker encrypted the data. They demanded a large sum of money to provide the decryption keys.
Additional notes	• Lack of proper training for the employees regarding cybersecurity. • Never download a suspicious file, especially if you're using a company PC. • Don't give in to the attacker's demands.

Date: Record the date of the journal entry.	Entry: Record the journal entry number.
Description	Provide a brief description about the journal entry.
Tool(s) used	List any cybersecurity tools that were used.
The 5 W's	Capture the 5 W's of an incident. • Who caused the incident? • What happened? • When did the incident occur? • Where did the incident happen? • Why did the incident happen?
Additional notes	Include any additional thoughts, questions, or findings.

Date: Record the date of the journal entry.	Entry: Record the journal entry number.
